Statement to the press and public that will be made by our attorney Marilyn Cleveland to any and all inquiries directed to her by the public:

**Beverly Hills Unified School District-Statement to Press and Public
August 13, 2009**

The District has determined that due to irregularities in the procedure for formation of the contracts between the District and Strategic Concepts, LLC, the contracts are not valid. Therefore, as of today, Strategic Concepts, LLC, is not working for the District. We are unable to say more on this subject at this time.

The District would like to assure the community that it is taking steps to ensure that the Measure E bond program will proceed without interruption. The District will be undertaking a competitive selection process to select a firm to provide program and project management services for the Measure E bond program. In the interim, District staff is prepared to oversee the operation of the program.
